SOLIDARITY BETWEEN MEDITERRANEAN SOLDIERS

To our Greek comrades:

As we had the occasion to state in the Manifesto presented on 12 December 2012, the military citizens of the Mediterranean countries are against the escalation of cuts in rights and in working conditions at European level that affects not only to our career as professional soldiers but, more regrettably, to the living conditions of our families.

The situation of Greece is having worsening step by step during the last months and it arrives now to a very critical level where the loss of values and moral among the population could seriously undermine the social cohesion and might also lead the country to an unsure end.

On behalf of the Mediterranean Forum of Military Associations, I fully sympathize and support our Greek colleagues, military of all ranks and services, and encourage them to keep in struggle for the recognition of their fundamental rights and the respect of their status as public servers.

9 of March 2013

The demonstration was decided some days ago and we speed up to organize it in a short time.

A second demonstration is organized to take place, in Thessaloniki, second largest city in Greece after Athens, on March 13, 2013
